

WILSON'S VIEWS TO INFLUENCE SENATE

Attitude on Canal Toll Ex-
pected to Have Bearing
on Senate's Action

ROOT AMENDMENT TODAY

Amendment Will be Taken Up
by Senate Committee on
Inter-Oceanic Canals

OTHER NEWS IN WASHINGTON

WASHINGTON, FEB. 6.—Pres-
ident-elect Wilson's attitude on Pan-
ama canal tolls and free passage of
American coast-wise ships is expected
to have an important bearing upon
the senate's action on the Root
amendment proposing the repeal of
the free ships provision of the bill
passed last August. While the Demo-
cratic national platform advocated
the remission of tolls to coast-wise
vessels a number of leaders in the
anti-free passage fight think some
Democrats may be willing to vote
for the repeal of the provision now,
so that the entire subject may be left
open when Mr. Wilson takes office.

The Root amendment will be taken
up by the senate committee on in-
ter-oceanic canals tomorrow. Sen-
ator Root will be heard later. It is
possible that other hearings will
be given to advocates and opponents
of the provision.

While the advocates of the Root
amendment do not count upon ac-
quiring enough votes in the commit-
tee to favorably report it, the propo-
sal probably will come before the
senate either through a minority re-
port or upon the demand of some
senators.

The no toll provision passed the
senate by a large majority. Unless
a number of Democrats change their
position the passage of the Root
amendment does not appear probable.
Senator Newlands an advocate of the
no toll provision to day introduced
a joint resolution and bill defining
the attitude of the United States
as to foreign shipping. They would
establish definitely the principle that
the tolls remitted to American ves-
sels shall not be charged against
foreign ships to pay the cost of
operation of the Canal. Under the
Newlands bill the portion of the cost
of canal operation charged to foreign
shipping would be proportionate to
the amount of foreign tonnage pas-
sing through the waterway.

Colorado National Park.
A great national park in Colorado
to be known as the Rock Mountain
National Park, is proposed in a bill
introduced to day by Representative
Rock of Colorado. The measure
would set aside 700 square miles of
territory, embracing Long's Peak
and other famous points of interest.

Resolution Favorably Reported.
Representative Garner's resolution
calling upon attorney General Wick-
ersham for all information as to the
Texas indictments against Standard
Oil officials was favorably reported
to day by the house judiciary com-
mittee.

Shelby Cullom Is Ill.
Shelby M. Cullom, the venerable
senator from Illinois and dean of the
legislators in congress is confined
to his home here with a severe cold
which because of his advanced age
causes his friends much apprehen-
sion. He is 75 years old and was a
personal friend of Abraham Lin-
coln.

To Wage Appropriation.
Members of the California congres-
sional delegation conceded to day
that the failure of the house to act
on the \$2,000,000 appropriation for
the government's participation in the
Panama-Pacific International Expon-
sition probably meant that the bill
would not be passed at this session
of congress and prepared to ask the
senate to insert the item in the sun-
dry civil appropriation bill.

Examine Rockefeller Today.
Chairman Pulo of the house "mon-
ey trust investigation committee"
with several stenographers and re-
porters joined Samuel Untermyer,
special counsel of the committee here
to day and proceeded for Jekyll Island
Ga., where they will arrive tomor-
row and examine William Rockefel-
ler, particularly regarding the op-
erations connected with the organi-
zation of the Amalgamated Copper
company. Mr. Rockefeller's health
would not permit his coming to
Washington for examination, physi-
cians informed the committee.

Consider Appointments.
The Republicans, by a vote of 36
to 34, to day succeeded in forcing
the senate to go into executive ses-
sion to consider appointments. Sen-
ators Bristow and Poinsette voted
with the Democrats against the ex-
ecutive session. When an effort was
made to have names reported from
committee the democrats raised the
point of no quorum, but were defeat-
ed.

After the Republicans had demon-
strated their capacity to maintain
a quorum, a motion by Senator Wil-
son of Michigan to consider the
re-nomination of Inter-
state Commerce Commissioner
Clarke took up the remainder of the
session with debate. Senator Smith
presented a large number of tele-
grams confirming Mr. Clarke's ap-
pointment. Senators Clarke, (Ark.),
Smith, (Ga.), Martin (Va.), and
Williams, (Mass.) and others con-

TO BRING MESSAGE FROM THE EMPEROR

GERMAN AMBASSADOR WILL SPEAK
IN SPRINGFIELD WEDNESDAY

In Address Which He is to Deliver
At the Lincoln Banquet He is Ex-
pected to Convey to the United
States a Personal Message From
Germany.

SPRINGFIELD, FEB. 6.—The
German Ambassador, Count Von
Bernstorff, is expected to convey to
the United States a personal mes-
sage from the German emperor in
the address which he is to deliver at
the Lincoln banquet in Springfield
next Wednesday.

This is the information which
comes through Washington chan-
nels. It is known that Senator
Shelby M. Cullom, as chairman of
the foreign affairs committee of the
senate, has been most friendly in all
negotiations which have occurred
during recent years between the
United States and the German em-
pire. Senator Cullom presented the
formal invitation of the Lincoln cen-
tennial association to Count Von
Bernstorff to be one of the guests
of honor at this year's banquet and it
is supposed to be due to the very
amicable relations which have ex-
isted between Senator Cullom and the
foreign affairs committee of the
senate and the German emperors
foreign affairs department that the
ambassador will carry an important
message to the American people at
Senator Cullom's home.

The information regarding the
scope and importance of Count Von
Bernstorff's Lincoln day address
gives definite importance to this
significance of the Springfield cele-
bration this year of the Lincoln birth
day anniversary.

The day oration of Senator
Bailey from what has been learned
in Springfield is destined to be an
important and far reaching addition
to the bibliography of Lincoln with
particular respect to the south land
which Former Senator Bailey repre-
sents.

President Woodrow Wilson will be
the guest of honor and the chief
speaker at the Lincoln banquet in
1914, according to authoritative, al-
though unofficial statements here to-
day. The arrangements for next
year's banquet will be announced ac-
cording to custom at the banquet
this year.

40,000,000 PACKAGES HANDLED UNDER NEW SYSTEM LAST MONTH

Hitchcock Asks For Additional Ap-
propriation of \$750,000 For
Establishment of the Parcel Post.

Washington, Feb. 6.—Approxi-
mately forty million parcel post
packages were handled during Janu-
ary. At the fifty largest postoffices
19,365,433 parcels were handled in
the first month of the operation of
the system and the business of the
last two weeks exceeded that of the
last two weeks by more than 5,000,
000 packages. Chicago exceeded all
other cities in the number of par-
cels handled, its total being 4,163,
153. New York handled 3,519,788
and St. Louis 917,809.

The present season is the dull one
in postoffice business but even if
there should be no increase in the
parcel post work, about 500,000,000
parcels would be handled during the
first year. Some postmasters esti-
mated that a billion packages will
be handled this year.

A preliminary appropriation for
the establishment of the parcel post
has been exhausted and Postmaster
General Hitchcock today asked for
an additional appropriation of \$750,
000.

NON-PARTISAN PLAN REFERRED TO COMMITTEE

Chicago, Feb. 6.—Mayor Harrison's
proposed bill, embodying a non-
partisan plan of municipal elec-
tions tonight was referred to the
committee on judiciary by the city
council. A two-thirds vote of the
council would have sent the bill to
the legislature for immediate action.

The bill is intended to apply only
to municipal offices. All party cli-
cles would be eliminated. Should
one candidate for any office receive
a majority of the votes for that of-
fice cast at a primary election he
would be declared elected automati-
cally. In case none had a major-
ity the names of the two men re-
ceiving the highest number of the
votes then would be submitted to
the people at the regular election.

ceded Mr. Clarke's fitness for the
position but held that there was no
reason for making him an exception.

The senate adjourned without ac-
tion on any appointment.

Indian Appropriation Bill.

With amendments appropriating
\$1,800,000 for irrigation on the Ya-
kima Indian reservation in Washing-
ton \$207,000 for hospitals; \$125,000
for the suppression of the liquor and
drug traffic and many other increas-
es over the house figures the Indian
bill was to day approved by the sen-
ate committee.

A long fight in conference is fore-
casted.

May Substitute Clayton Bill.

Whether the six year single presi-
dential term constitutional amend-
ment shall be presented to the house
as it recently passed the senate or
be substituted by the Clayton resolu-
tion the house judiciary committee
was today unable to decide. The
question is to come up next week
in the house.

NOT ALL HARMONY IN CAUCUS MONDAY

Friends of Col. Lewis

on Senatorships

READY TO BOLT CAUCUS

Members Opposed to Meeting
Will Bolt Rather Than
Submit to Caucus Ruling

DUNNE IN FAVOR OF MEETING

SPRINGFIELD, ILL., FEB. 6.—
State Chairman Arthur Charles' call
for a Democratic caucus to ratify the
advisory vote cast for James Hamil-
ton Lewis for United States sen-
ator and to nominate a candidate to
fill the William Lorimer vacancy,
appears in a fair way to meet a simi-
lar fate to his call for a Democratic
caucus to nominate a candidate for
speaker of the house.

The action in calling the Demo-
cratic caucus is the direct result
of the conferences which have been
held here this week between Gov-
ernor Dunne, Speaker McKinley,
Chairman Charles, Colonel J. Hamil-
ton Lewis, the primary nominee of
the party for senator; Senator Wal-
ter Manney, the president pro tem
of the senate, and Charles Boesch-
enstein, national Democratic com-
mitteeman from Illinois.

According to the gossip here to-
day enough members of the house
and senate have signified their wil-
lingness to attend a senatorial
caucus to warrant the call.

At different intervals this week
all of the above named party lead-
ers have discussed the senatorial
situation with Governor Dunne. All
of them were present at a con-
ference last night with the governor
and it was then that the determina-
tion finally was reached to issue the
call for a caucus on Monday.

Action May Not Be United

If the house members who have
been talking the loudest, since the
convening of the legislature, against
Colonel Lewis' candidacy carry out
their repeated declarations not to
support him, Monday's caucus will
fall far short of united Democratic
action. Several of these representa-
tives hold General Lewis responsible
for the action of the members
who refused to go into a speaker-
ship caucus and charge that it was
this action which caused the split
in the party.

Every Democrat to Attend.
"Every Democrat in the general
assembly," said Speaker McKinley
today, "will attend the caucus."

"There may be some members
who were elected as Democrats,"
he continued, "who will not attend,
but every Democrat will be present."

Speaker McKinley said three
things are to be done by the caucus.
One of these is to ratify the nomi-
nation of Colonel Lewis. Next the
caucus will select a candidate for
the short term. After that a joint
steering committee will be chosen
from the house and senate mem-
berships to fight for the election of two
Democratic senators.

Oppose Caucus.

Friends of Col. Lewis in the leg-
islature are opposing a caucus on the
senatorships, fearing that any pro-
gram fixed in caucus will be in-
imicable to the interests of their
candidate.

For this reason it is said some
of them are ready to bolt the caucus
rather than submit to the caucus
to the caucus ruling.

Representative Henry M. Ashton
of Chicago, close personal and po-
litical friend of Governor Dunne and
a Progressive Democrat declared this
afternoon that he is not in favor of
a Democratic caucus on the senator-
ships. He expects several of the
real friends of Col. Lewis to take a
similar position.

Against Boeschenstein.
Mr. Ashton stated he did not be-
lieve at this time that he will enter
the caucus. He also said that if
Charles Boeschenstein, of Edwards-
ville, national committeeman from
Illinois, is selected by the caucus, as
the Democratic candidate for the
short term senatorship he will not
vote for him.

Governor Dunne is in favor of a
caucus considers that the proper
method of procedure, and hopes all
Democratic members of the assembly
will attend and be bound by the
caucus action.

Representative Ashton stated to-
day that he is drafting an amend-
ment to the primary law which will
permit a voter to vote in a primary
election without declaring his party
affiliation. The bill will provide
that tickets of all parties partici-
pating in the primaries each printed
on a separate slip be handed to each
voter, the one he votes to be placed
in the ballot box and the others to
be placed in a separate box. The
proposition is similar to that now in
effect in Wisconsin.

DISSOLUTION PLANS ARE AGREED UPON

DIRECTORS OF S. P. AND U. P. AGREE
ON TERMS OF DISSOLUTION

Agreement Awaits Confirmation By
the Court of Federal District
Where Action Was Taken and By
Railroad Commission of Cali-
fornia.

NEW YORK, FEB. 6.—Plans for
the dissolution of the Union Pa-
cific railroad company and the
Southern Pacific company, as de-
clared by the United States supreme
court were officially announced in
detail tonight after a protracted
session of the directors of the two
companies. The terms are said in a
statement issued jointly by the roads
to have the approval of the depart-
ment of justice at Washington and
the agreement now awaits con-
firmation of the court in the federal
district where the action was
originally taken, and by the railroad
commission of the state of Cali-
fornia.

In accordance with recent
intimations the severance of Union
Pacific and South Pacific results in
the Pacific's absolute purchase of
Central Pacific which had been the
bone of contention between the two
principal roads of the Harriman
system. The Union Pacific pur-
chases the entire capital stock of
the Central Pacific consisting of
\$67,272,500 par value of common
and \$17,400,000 par value preferred
for the sum of \$104,189,941.

Provides For Sale of Stock.

The agreement also provides for
the sale of all the Southern Pacific
stock held by the Union Pacific with
the accrued difference to the
stockholders of the Southern Pa-
cific, but not to the Union Pacific
company or to Oregon Short Line.

It is understood that a syndicate
has been formed under the lead of
Kuhn, Loeb & Co., and their foreign
connections to finance the sale of
Union Pacific's holdings of Southern
Pacific, amounting to \$126,650,000.

MARTIAL LAW PROCLAIMED IN SALVADOR; PRESIDENT BADLY HURT

Serious As Result of Attempted
Assassination.

Washington, Feb. 6.—Martial law
has been proclaimed throughout
Salvador according to a message
from American Minister Heinke.
President Araujo is in a dangerous
condition as a result of an attack
yesterday by five assassins. Only one
of the five shots directed at him
took effect but surgeons fear the
outcome of a vicious machete wound
which laid the president's head open
from the back of the skull to the
nostrils. One of the assassins was
captured.

Immediately upon receipt of
Minister Heinke's message telling of
the attack upon President Araujo,
President Taft sent the following
cablegram to President Araujo:

"I am shocked to learn of the
dastardly attempt on your ex-
cellency's life and hasten to ex-
press the hope of this government
and my personal earnest wish for
your speedy recovery."

Secretary of State Knox who with
Mrs. Knox were entertained by the
president and Senator Araujo on their
visit in Central America last year,
also sent messages.

USES HORSE MEAT

IN SAUSAGES.
Chicago, Feb. 6.—At the instance
of the health department two suits
to day were filed against Bruno
Ritcher, a sausage maker, charging
him with offering horse flesh for
sale. He is said to have used horse
meat in the manufacture of sausages
on January 23rd and later put it on
the market.

VIGUS ATTEMPTS TO PROVE ALIBI

Claims He Left Hartnett
and Went Home at 11:30
on Night of Robbery

MOTHER TELLS STORY

Tells Jury Her Son Came Home
at 11:30 But Later Contra-
dicts this Statement

FIRST WITNESS FOR DEFENSE

SPRINGFIELD, ILL., FEB. 5.—
Elmer Vigus, one of the defendants
on trial charged with the hold-up of
the "Hummer" on the Chicago & Al-
ton road December 23, last, was on
the stand today and testified that he
was in company with John Hartnett,
the other defendant, until about
11:30 o'clock on the night of the
robbery, when he parted company
with Hartnett in front of the grocery
of George S. Connelly & Co., and
went to his home, a mile north and
opposite to the direction in which
the "Hummer" was held up and
went to bed for the night. His
mother, Mrs. Louis Vigus, corrobo-
rated the testimony. Other wit-
nesses testified they had been with
Vigus in saloons until a late hour
that night and another witness tes-
tified he saw Vigus on his way
home.

Mother Becomes Confused.

On cross examination Mrs. Vigus
told Assistant State's Attorney Wil-
bur Galener that Vigus left home
early in the morning of December
23 and that she did not see him
again until after he had been locked
up at the city prison. She had be-
come nervous and excited under the
strain of cross questioning and at-
torneys for the defense declare that
her damaging statement was the re-
sult of a misconception regarding the
date about which she was being
questioned. They expect to repair
the injury done the alibi when they
are again given an opportunity to
question their witness after the state
has closed its cross examination.

Hartnett Appeared Ill.

Mrs. Vigus told of Hartnett's tak-
ing lodging about two weeks before
the hold-up at her home, 424 West
Madison street. She said that he was
at the city prison the time he lived there
and apparently had no occupation.
She said that Hartnett was not taken
to her home by her son but was
directed there, she understood, by
Thomas Kert, a saloon man. Hart-
nett took all three meals there on
December 23, she testified.

The woman was the first witness
called by the defense.

The two defendants displayed
great activity in their defense today.
They frequently suggested questions
to their attorneys and smiled deris-
ively at certain portions of the
state's evidence.

Sister in Court.

Mrs. Vigus and Gertrude Vigus,
a sister to the man on trial, were
with him in court. The younger wo-
man listened intently to the testi-
mony and frequently consulted with
her brother's counsel.

According to testimony today,
Vigus was employed by the Chicago
& Alton railroad in a signal tower
at Girard until two weeks before the
hold-up, when he resigned because
of injuries suffered in a fall.

State's Evidence In.

The state's evidence was complet-
ed shortly before 11 o'clock this
morning. Detective W. A. Cain of
the Alton railroad, who was expect-
ed to give valuable testimony against
the men, was not called.

Mrs. Cora Donovan, a clerk in the
elevator stand at the St. Nicholas hotel,
was the first witness called this
morning. She told the jury that she
had seen the defendant near the wa-
ter standard from which the "Hum-
mer" engine tank is filled a short
time before the "Kansas City" train
was due to arrive on the night of
the attempted hold-up. She said she
recognized them as the same men
she had met in Jefferson street near
the Alton station the night before
as she returned from the hotel to
her home at 123 1/2 North Second
street.

COLONEL SWOPE'S NURSE TESTIFIES.

Kansas City, Mo., Feb. 6.—Mrs.
Pearl V. Roy of Clarence, Mo., for-
merly Miss Pearl Keller, the nurse
who attended Col. Swope in his last
illness and the states most impor-
tant witness testified in the trial to
day of Dr. Hyde in connection with
Col. Swope's death.

Mrs. Roy presented her chart,
showing Col. Swope's condition from
day to day, and said there seemed to
be nothing serious in the matter with
him, until he was seized with a con-
vulsion that ended in death.

LOCKWOOD ON STAND.

Chicago, Feb. 6.—George N. Lock-
wood, whose alleged corruption as
a juror in the McNamara trial,
Clarence S. Darrow was tried and ac-
quitted last summer, was placed on
the stand by the prosecution in the
second Darrow trial late to day. Dar-
row is being tried for the alleged
felony of juror Robert F. Blain.
When adjournment time was reached
Lockwood still was under examina-
tion.

BEACH AND WIFE ARE CROSS EXAMINED

MILLIONAIRE SWEARS HE MADE NO
ATTACK ON WIFE

Both Stick to Original Story of As-
sault Being Made by Negro—Ar-
guments Will be Heard in Case
Today.

Aiken, S. C., Feb. 6.—Frederick O.
Beach of New York today took the
stand and swore that he did not
commit an assault upon his wife,
Mrs. Beach, also testified that her
husband did not assault her. To-
morrow the jury of Aiken county
farmers before which is being tried
is expected to decide whether he did
or not. The evidence in the case
was in when court adjourned this
evening.

Three hours tomorrow have been
allowed for arguments. After the
defense had rested late today the
state offered several witnesses in re-
buttal to contradict portions of the
testimony of Mr. and Mrs. Beach
and during this proceeding the iden-
tity of the "man behind the book-
case" was revealed. He was Had-
den Johnson, a young newspaper
man of Aiken, who is alleged to
have overheard a conversation in
the attorney's office between Beach
and his wife about the assault. Mr.
Johnson was not allowed to give an
answer to the prosecutor's question
as to whether Beach had not ask
Mrs. Beach to lay the blame upon
the brother of a negro servant and
he declined to make any answer
whatever.

Cross Examined Both.

The prosecutor cross-examined
both Beach and his wife at great
length and called their attention
constantly to statements that they
are alleged to have made previously,
differing in some detail to their tes-
timony today. They would not admit
that any part of their narrative to-
day was incorrect.

Mrs. Beach said she was assaulted
by a "ginger bread colored" negro
who approached her on the pretense
of having a message for a negro ser-
vant. She declared the negro slashed
her throat and hit her on the side
of the head with a stick; that she
was too much frightened to scream
at the first attack and that when
she did scream her husband came
promptly to her assistance as the
assailant fled. At no time Mrs. Beach
said had she entertained any idea
that the negro's motive was robbery.

Beach did not remember any con-
versation with his wife in the mavor-
or's office, neither did Mrs. Beach.
Both indignantly denied the sug-
gestion that there was any sugges-
tion of fastening the crime on any
known person.

A large part of the afternoon ses-
sion was taken up by the defense
with the introduction of character
witnesses.

BODY OF ESCAPED CONVICT IS FOUND NEAR STATE PRISON

San Quentin, Cal., Feb. 6.—The
body of Herbert Repsold, known as
the "perfumed burglar" who escaped
from San Quentin penitentiary Janu-
ary 10th, while the state board of
prison directors in executive session
was considering the question of his
parole was found to day on a marsh
two miles from the prison. It is be-
lieved he committed suicide.

Repsold, who was the son of a Sa-
cramento wine merchant, whose es-
tate awaited him when the prison
doors opened, was sent to San Quentin
to serve a fifteen year term after
he had baffled the police of Cali-
fornia cities for many months in the
role of a society burglar. His work
was recognizable for its dash and
precision, and by the woe of a cer-
tain perfume.

Repsold made his escape by throw-
ing the entire penitentiary into dark-
ness while he had access to the el-
ectric switch as a trusty.

HOLLIS NAMED AS HEAD OF SPRING SYSTEM USED BY TRUST

Secretary of Northwestern Lum-
bermen's Association Testifies to Ob-
taining Trade Secrets From Mail
Order Houses.

Chicago, Feb. 6.—Willard G. Hol-
lis, secretary of the Northwestern
Lumbermen's association, today in
testimony given before Examiner
Fuller, was named as the head of
an alleged spying system used by the
so-called "lumber trust" to obtain
secrets from mail order houses. Hol-
lis is an individual defendant in the
suit now being prosecuted by the
government against the lumber or-
ganization.

A private detective, Thomas Mc-
Guire, who was employed by the
mail order dealers to "ferret out
leaks" in their business, testified that
Luke W. Boyce, manager of the
"lumber trust" information bureau,
told him that Hollis directed the
forces. McGuire also said that
Boyce offered to "sell out" his em-
ployers for \$2,500.

REHEARING DENIED

IN DWYER CASE

After the supreme court a few weeks since reversed the decision of the Scott county circuit court in the Dwyer case and so declared that Mrs. Dwyer had a fee simple title to a farm in Scott county, Bellatti, Barnes and Bellatti, attorneys for Mrs. Dwyer, entered a motion for a rehearing of the case. Thursday morning telegrams were received by them and by Kirby, Wilson & Baldwin and W. N. Haigrove, stating that the court had granted a rehearing. In the afternoon however, other telegrams were received from J. McCann Davis, clerk of the court stating that the earlier telegrams were in error and that the rehearing had not been granted.

SWIMMERS BREAK THREE WORLD'S RECORDS

RACES ARE HELD BY CENTRAL ATHLETIC UNION IN CHICAGO

Perry McGilvey Smashes 500 Yard Record—Raithel Breaks 40 Yard Record—Buckland Wins 150 Yard Back Stroke—Other News of "Sporting World."

CHICAGO, FEB. 6.—Three world's records were beaten here tonight in the central athletic union swimming races in the Illinois Athletic club tank.

Perry McGilvey swam 500 yards in 6:15 3-5 beating C. H. Daniels world's record of 6:21.

A. G. Raithel, McGilvey's team mate in the A. A. C. equalled the world's forty yard record in two laps of the 100 yard race and beat the world figures of 192-6 in his forty yards of the Central A. A. U. championship relay swimming the forty yard in 19 flat.

E. Gilevey, Perry McGilvey swam the 160 yard relay in 1:17 3-5.

In the dual meet between the Milwaukee A. C. and the I. A. C., Milwaukee was defeated 21 to 10. W. Bickland of the Milwaukee A. C. took the 150 yard back stroke from former champion H. J. Handy.

Olympic champion Michael McDermott took the Central A. A. U. championship 200 yard breast stroke in hollow style in 2:47 3-5 nearly ten seconds behind his own world's record.

The sixty yard Medley swim was won by Herchardson, I. A. C., in 43 4-5. The eight man relay was won by the I. A. C. team in 3:10. The 40 yard swim was won by W. C. Woodward of the I. A. C., in 19 4-5.

The 440 yard central A. A. U. championship was won by Perry McGilvey in 5:31 3-5.

W. R. Vosburg of the University of Illinois was second.

AMES, IOWA, FEB. 6.—Jack Watson, trainer of the Ames Athletic teams for the last nine years has resigned to accept a position with the University of Iowa. He will begin work at Iowa next September, training the football team and coaching the track team.

Watson in his early days was one of the most noted professional jumpers in the British Isles and up to a decade ago returned to England each summer to take part in contests.

COLUMBIA, MO., FEB. 6.—Missouri, 38; Washington University, 13.

SPRINGFIELD, MASS., FEB. 6.—The official standing for the indoor league of the United States Revolver association up to the eighteenth round, was issued tonight. The Manhattan Club leads with 17 straight wins. The Olympic Club of San Francisco is second with 16 1-2.

CHICAGO, FEB. 6.—Yussif Hussene, the young Bulgarian wrestler of Wichita, Kansas was matched today to meet Marvin Plestina, the Chicago wrestler whose defeats of Martinson and Casean attracted much attention in this city February 13th. Hussene is the wrestler who held Hackenschmidt for two hours and fifteen minutes in Dallas, Texas, before the Russian's defeat by Gotch.

PORTLAND, ORE., FEB. 6.—Ad Wolgast, former lightweight champion stated today he had accepted Coffroth's offer to meet Tommy Murphy in a 20-round fight in San Francisco Feb. 22nd, provided the promoter would guarantee him \$10,000 and expenses.

PROVIDENCE, R. I., FEB. 6.—Gov. Pothier today because of a recent bout culminated in a fight between the referee and one of the seconds, said he had instructed his deputies to put a stop to boxing exhibitions as they are "a disgrace to civilization." He added that these affairs "have attracted thugs, pickpockets and gamblers from all section of New England."

ST. LOUIS, FEB. 6.—Art Mangill, who came here from Bartlesville, Okla., won an eight round decision tonight over Marty Rowan of Carlinville, Ill., in the best fight seen here this winter. The spectators were on their feet during almost the entire bout.

Not a second of stalling marred the battle. In the preliminary, Arlos Fanning, also of Bartlesville, received the decision over Tom Garrity of Memphis, Tenn., the fight being stopped in the fourth round.

YOUTH PLEADS GUILTY

TO MURDER CHARGE
Kansas City, Feb. 6.—By pleading guilty to a charge of second degree murder to day Marris, aged 17 years who last month killed his brother, McKinley, 15 years old, at their home in Kansas City, Kan., probably saved himself from a penitentiary sentence. He was given an indeterminate sentence at the state agricultural school.

Lawrence shot his brother after a wrestling match in which the younger brother was the victor.

WILL START INVESTIGATION

Des Moines, Ia., Feb. 6.—Both houses of the Iowa legislature today unanimously passed a concurrent resolution to investigate the Iowa state board of agriculture and the state fair board. Senator Chase introduced the resolution in the upper house and Representative Lund in the lower body. The latter in explaining his motion declared that he desired a sweeping investigation made.

IRRIGATION AGRICULTURE IS IN NO DANGER OF EXTINCTION

Secretary Wilson of the Department of Agriculture Refutes Declaration of Dr. B. L. Galloway.

Washington, Feb. 6.—There is "nothing whatever in conditions in the west to warrant the belief that irrigation agriculture is in any danger of extinction today, tomorrow or within the next hundred years," asserted Secretary Wilson of the department of agriculture in reply to a letter from Secretary Fisher, objecting to the declaration of Dr. B. L. Galloway, chief of the bureau of plant industry, that so far as he knew there never had been any long-continued successful irrigation farming on arid land anywhere in the world. The secretary adds, however, that there are conditions in the west needing most careful consideration on the part of all those interested in the proper development of this vast region.

He says Dr. Galloway in a recent statement to the house committee meant that "in many parts of the world, where arid conditions prevail such as Asiatic Turkey, Persia, Afghanistan, the extreme northwestern portion of India, parts of North Africa, and our own southwestern country, irrigation agriculture has had its periods of rise and decline."

CITRUS EXCHANGE TO REPUDIATE DEMOCRATS FOR TARIFF REDUCTION

Members of Florida Exchange Angry Over Treatment Recently Accorded Them at Tariff Investigations.

Tampa, Fla., Feb. 6.—Members of the Florida citrus exchange will repudiate the Democratic party if the Democratic congress reduces the tariff a citrus fruits to a point that is not competitive, according to a resolution adopted by the directors of the exchange today. The Florida growers are angered over treatment accorded them by the house ways and means committee at the recent tariff investigations.

The resolution as adopted declares Florida citrus fruit growers would work to prevent the re-election of any senator or congressman from Florida who votes for a bill reducing the present tariff on citrus fruits, and if such reduction is made, "will repudiate the action of the Democratic party and pledge ourselves to support a party that will protect our homes, industries and lives from the disastrous influence of imported products, which products are largely dependent in their production on pauper labor of foreign lands."

CORN EXHIBIT IS MACON

Decatur, Ill., Feb. 6.—J. D. Watkins of Hickory Point township scored 81.75 points with his corn exhibit and was declared champion of Macon county in the farmer's institute here today.

State Superintendent of Schools Francis G. Blair said in his address that less than half the country school teachers in Illinois possessed a high school education and deplored the fact that there were so few men teachers in the country schools of the state.

SMITH'S BOND OFFERED.

Cleveland, O., Feb. 6.—Federal Judge William L. Day today approved a \$40,000 bond offered for the release on bail of Peter J. Smith of Cleveland, sentenced at the "dynamite" trial in Indianapolis to serve a four years' term in Leavenworth federal prison.

ANNUAL CONCERT GIVEN
BY HIGH SCHOOL STUDENTS

Chorus of Three Hundred and Forty Voices Presents Splendid Program—Reception Given For Mrs. W. A. Gore.

A large audience was present last night to hear the annual concert given by the high school students in the auditorium of the building. There were three hundred and fifty voices in the chorus and the program was divided into two parts. In the first part the Glee club gave a number of selections which was followed by a cantata entitled "Three Springs" by the Treble Clef club.

The cantata "Ruth" constituted the second part of the program. The chorus was under the capable leadership of Miss Ailsie Goodrick, musical director of the public schools of the city, and those assisting in the program were Prof. A. F. Cook, Prof. Paul Morrison, while Misses Grace Potter and Miss Edith Hiller acted as accompanists. The music was greatly enjoyed and the audience was liberal in their applause.

The proceeds of the concert will go toward buying a grand piano for the new school building to be erected.

Reception For Mrs. Gore.

After the concert the members of the faculty and the members of the school board and their wives gave a reception for Mrs. Gore, wife of the principal. A classic program was given on a Victrola and the hour was spent in a delightful social way. Light refreshments being served.

The program follows:

Clang of the Forge.....Rodney The Old Year.....Klose Forsaken.....Koschat Santa Lucia.....Cottrian Glee Club.

Cantata—Three Springs.....Bliss

A story of three springs that rise high on the mountain side under a willow tree.

One is blue, one is white and one is gold. The dip of the willow branches bids each a fond farewell.

First, in the little limpid pool, they listen to the butterfly's advice to the ambitious lily—"Be content, then down the brook they flow "merrily, cheerily," until they come to Three Little Falls, where it is rough and dark, but "cool oh, cool."

They go down the sluggish, slow-moving river, hearing the song of the rowers, then "leaping and falling" they shoot over the "great waterfall," and at last from the tip of a wave out on the ocean vast, they are drawn up by the sun to the soft clouds above, to be watted back to their lovely home, high on the mountain-side.

Treble Clef Club.

MEET WHITE HALL TONIGHT.

Routt High to Play Greene County Ball Tossers in Return Game Tonight.

This evening at 8:30 o'clock at Liberty hall, the White Hall high school basketball team will play a return game with the Routt college high school team. In the first game this year between these two teams, the locals were defeated by a score of 16 to 5. In this game two of the regulars, Donovan and Sheehan, were on the sick list and the locals think, with these two men back in the game, and playing the contest on the local floor, they can easily defeat their opponents. Alexander will be stationed at left forward tonight, with either Donovan, Wheeling or Sheehan at right forward; Groves at center, Butler at left guard and Caldwell at right guard. Vermillion of White Hall will referee the contest.

FIRE DESTROYS HOME.

An early morning blaze Wednesday, completely destroyed the large farm house of Mr. and Mrs. Harry White near Petersburg. The family was driven from home in their night clothes and went half a mile to a neighbor's house. It is thought the fire started from the kitchen stove. Mr. White had gotten up early and started the fire and then went back to bed.

"MENDING BROKEN POTTERY"
SUBJECT OF REVIVAL DISCOURSE

Rev. J. W. Miller Preaches Able Sermon Before Large Audience—Subject Tonight "Gaining A World"

A splendid audience attended the revival at Grace Church last night. Miss Beebe sang a beautiful solo, "The Penitent." Rev. Mr. Miller spoke of the above theme based on Jer. 18-3-4. Man will never know perhaps what he might have been had his maker been able to develop him at his best. How great has been the damage of sin in that it prevented human nature producing the best of which it was capable. In pattern room of God's great work shop are the designs for men that he was never able to make out of the material of men's natures because of their sin and rebellion. What patience the great Potter has shown in that he did not cast away the stubborn human clay, but wrought another design, less noble yet value. There are souls that have refused all good use and fought God's purposes for them until the only use even the patient God could make of them has been as examples of warning for others. Then after they have served such a purpose they have been cast upon the scrap heap of the world, useless forever.

When a man awakes to the fact that by yielding his life to the direction of God he may then become the best yet possible how readily he should come to God and place his mended life in the hands of God that he may take the best he can out of them. How exalted the privilege of young men and women, that they may form a fellowship and acquaintance with God so that the whole course of life may follow the noble purpose of God for them. Thus only can life reach its truest joy, satisfaction and usefulness. The measure of success is not by the worldly honors or material possessions gained but rather by the extent to which they have permitted God's will to be wrought in life. In the judgment of the universe this must ever be the measure of true success. In Jesus Christ we have the pattern of life after which God will fashion willing spirits just to the extent of divine power and human capability. The greatest need of the world, of civilization, of all human conditions is that men should work in accord with God's purposes for them. How each day that lights up the world should first be greeted with prayer for guidance and inquiry as to the divine intent for that day. No day is for any man what it can be without this.

As yesterday was the day of prayer for colleges a large number of students from Illinois College, Illinois Woman's College and Brown's Business College were present. The nurses of Passavant hospital also attended in a body with Miss Ida Venner, superintendent as chaplain.

A splendid spirit pervaded the audience. Dr. Barker spoke briefly but very effectively at the close of the service concerning the opportunity and duty of college life as the time when life decisions were made. Rev. Miller will speak Friday night on "Gaining A World."

RULES GOVERNING PARCEL POST.

Since the parcel post has been inaugurated by the government many inquiries have been received at the fourth class postoffice concerning regulations governing this service. Last Friday the Journal printed the first of a series of articles covering the rules governing this service.

The fifth installment is as follows: Sec. 5. Double rate of postage will be charged on parcels reaching their destination with only ordinary, special delivery, postage-due, or registry stamps affixed, or without evidence of any prepayment of postage. In such cases the office of mailing should be reported to the first assistant postmaster general.

2. When it is apparent from the wrapper that a stamp has been affixed and has been wholly or partially detached, the postmaster may assume the postage to have been prepaid.

Forwarding of Parcels.

Sec. 46. Parcels may be remailed or forwarded on the payment of additional postage at the rate which would be chargeable if they were originally mailed at the forwarding office, in which case the necessary stamps shall be affixed by the forwarding postmaster. Payment must be made every time the parcel is forwarded.

Treatment of Undeliverable Parcels.

Sec. 47. Perishable matter shall be delivered as promptly as possible, but if such matter can not be delivered and becomes offensive and injurious to health, postmasters may destroy it, or the injurious or offensive portion thereof.

2. Undeliverable perishable matter which in its nature does not become offensive or injurious to health, may be delivered by postmasters to the proper local municipal authority to be distributed to hospitals, asylums, or other charitable or reformatory institutions. If there is no such municipal authority, the matter may be delivered to any charitable institution or organization making application therefor. If no application is made, the matter shall be destroyed at the expiration of two weeks.

3. Postmasters must keep a record of the disposition made of all undeliverable perishable matter. Under no circumstances shall such matter be sent to the division of dead letters.

Sec. 48. Undeliverable samples of merchandise, or articles of like character having no salable value, must not be sent to the division of dead letters but shall be destroyed and a suitable record kept thereof.

Sec. 49. When a parcel obviously of value is undeliverable, the postmaster must notify the sender by card notice (form 354) and give him an opportunity to furnish the return postage, or to withdraw the parcel from the mails (either himself or through some person authorized by him), on payment of one cent postage for each card notice sent him. The stamps representing such postage must be affixed to the parcel.

2. One notice on Form 354 may be used to cover several undelivered parcels of value from the same sender, and the form should be suitably altered to show that it is for a number of parcels. When the sender or some person authorized by him desires to withdraw such parcels, they must be simultaneously withdrawn.

3. When return postage is furnished, the postmaster must affix the proper amount to each parcel, make the necessary change in address, and return them properly.

4. Under the provisions of the preceding paragraph parcels addressed for local delivery must not be returned to the sender by city carrier or rural carrier without another prepayment of postage on each piece at the rate chargeable thereon when originally mailed.

Sec. 50. When a parcel of value remains undelivered at the postoffice, the postmaster shall notify the sender if his address is known, and hold such parcel not longer than two weeks, unless the office of mailing is so remote that a response could not be received within that time.

Sec. 51. Undelivered parcels ("nixies") received at a terminal office from railway postal clerks must be treated as prescribed in sections 48, 49, or 50.

Sec. 52. On every undelivered parcel must be indorsed or stamped the reason for nondelivery. When no other reason can be ascertained, the parcel will be indorsed "Unclaimed." In indorsing or stamping a parcel the original address or postmark must not be obscured.

Changes in Address.

Sec. 53. Postmasters and postal employees must not change the address on parcels except as provided in sections 49 and 46.

Returns to Division of Dead Letters. Sec. 54. At postoffices of the first class daily, and at all other postoffices weekly, returns must be made to the division of dead letters of all unmailable parcels deposited therein, unless other disposition thereof is directed. Such matter must not be advertised. Unmailable parcels must not be sent to the division of dead letters with returns of unclaimed parcels.

2. Each return of unmailable parcels must be accompanied by a list on Form 1522, the full name and address on each parcel to be given as nearly as possible, and every piece the entry thereof numbered to correspond. When a parcel is without address it should be numbered and a description given.

3. Every unmailable parcel sent to the division of dead letters must have plainly written or stamped on it the specific reason therefor and bear the name of the postoffice and the date on which it is sent, care being taken indorsing or stamping such parcels not to deface the original postmark or address.

4. Duplicates of all lists and statements must be retained by postmasters. Sec. 55. Parcels sent to the division of dead letters from the postoffice of address will be classified as "Unclaimed," "Refused," "Fictitious," "Illegal," "Hotel," "Obscene and scurrilous," and "Matter found loose in the mails."

Sec. 56. Undeliverable parcels may

be advertised either by publication, without expense to the department, or by posting a list in the postoffice, and will be held at offices of the fourth class for one month and at all other offices for two weeks after date of advertisement, and then, if undelivered, will be sent to the division of dead letters from postoffices of the fourth class monthly, and from other offices weekly, properly listed on Form 1522 or 1522 1/2.

2. Parcels will be held in the division of dead letters for one year, after which no claim for reclamation will be considered.

3. A parcel returned to the sender from the division of dead letters must be charged with postage at the zone rate.

Sec. 57. Every parcel forwarded to the division of dead letters should be postmarked or stamped with the name of the postoffice and the date when forwarded.

Sec. 58. In returning parcels to the division of dead letters postmasters at offices of the fourth class will use dead letter bills (Form 1523) printed on white paper; those at free delivery offices the special form printed on blue paper; and those at all other offices the forms printed on yellow paper.

Sec. 59. Hotel and fictitious matter must be entered on a list (Form 1522 1/2) and sent to the division of dead letters in a separate bundle. When it is too bulky to be tied in a single bundle a pouch must be used.

Sec. 60. Postmasters in the territory of Hawaii will transmit to the postmaster at Honolulu, and postmasters in Porto Rico, to the postmaster at San Juan, all matter and reports required by these regulations to be sent to the division of dead letters.

Articles Found Loose in the Mails.

Sec. 61. Postmasters of cities having division headquarters of railway mail service shall retain for three months articles of value found loose in the mails, when unclaimed, and shall keep a complete record of them for purposes of identification. They are authorized to deliver such matter to the proper claimants, and to receipts therefor on blanks provided for the purpose, making detailed weekly reports to the division of dead letters. They shall make every effort to identify such articles with losses, and, if possible, to deliver them to the owners. After three months unclaimed articles must be forwarded to the division of dead letters, each article being inclosed in a separate envelope and a statement of when and where found. The parcels must be numbered and described on Form 1522 and 1522 1/2.

Loose money and postage stamps must be separately forwarded by registered mail to the division of dead letters, and not inclosed with fourth class matter.

2. Postmasters at places not having division headquarters of the railway mail service on receiving money or other articles found loose in the mails shall forward them weekly to the division of dead letters in the manner prescribed in the preceding paragraph.

Insurance on Parcels.

Sec. 62. A mailable parcel on which the postage is fully prepaid amount equivalent to its actual value, but not to exceed \$50, on payment of a fee of ten cents in parcel post stamps, such stamps to be affixed

2. When a parcel is insured, the sender will be given a receipt showing the office and date of mailing and number of the parcel. The receipt should be numbered to correspond with the receipt, stamped "Insured," and an insurance tag securely attached. It will then be treated as ordinary mail, until it reaches the office of address, when it must be delivered to the addressee, or, unless otherwise directed by the addressee, to the person, firm or corporation in whose care it is addressed, or to any responsible person to whom the addressee's ordinary mail is customarily delivered, and a receipt obtained therefor on the tag attached to the parcel. When an insured parcel is received without the insurance tag attached, the prescribed receipt should be obtained from the addressee on delivery.

3. A receipt signed by a person other than the addressee must show the name of the addressee as well as that of the person signing it. A signature made by mark (X) must be attested by a reputable witness.

4. When a return receipt is desired by the sender of an insured parcel postmaster at the mailing office shall stamp or write across the margin of the insurance tag the words "Return Receipt Desired," and the postmaster at the office of address shall obtain from the addressee a receipt and mail it to the sender.

5. The liability for indemnity shall cease when delivery has been effected.

6. When an insured parcel fails of delivery at the office to which addressed it may be forwarded in accordance with section 46 without the payment of an additional insurance fee. When the parcel is forwarded a duplicate of the tag receipt attached thereto shall be filed out showing the name of the office to which it is forwarded and such duplicate shall be properly filed.

7. The records of insured parcels must be preserved one year.

8. When an insured parcel is lost or rifled and a claim for indemnity is made at the office of mailing, the sender shall be required to file an affidavit showing the number of the parcel, the name and address of the addressee, the contents of the parcel, its actual value and to whom the insurance should be paid. The postmaster shall certify on this form the record of his office as to the mailing of the parcel and its declared actual value. The form shall be forwarded by the postmaster to the postmaster at the office of address, who shall certify thereon whether the parcel has been received and, if so, the disposition made of it. The addressee shall be required to make affidavit on the form that he has not received the parcel of reimbursement therefor.

9. When the addressee makes claim for indemnity, the postmaster at the office of address shall cause the claimant to make affidavit to the facts on the proper form and, after certifying thereto, shall forward it to the postmaster at the mailing office for completion.

10. The form, when completed, shall be sent promptly to third as-

11. No indemnity shall be paid unless a claim therefor is made within six months from the date the parcel was mailed.

12. All complaints received at a postoffice regarding the loss or rifling of insured parcels must be reported immediately on Form 1510 to the postoffice inspector in charge of the division in which the office is located.

Registration.

Sec. 63. In view of the provision for the insurance of fourth class mail and the furnishing of receipts for such mail when insured, the necessity for registration is removed and therefore fourth class matter shall not be admitted to the registered mail.

Complaints of Loss, Rifling, Delay, and Other Irregularities.

Sec. 64. Complaints of every character, except those mentioned in the following paragraph regarding ordinary and insured parcels, should be reported to the postoffice inspector in charge of the division in which the office is located.

2. Delays in transit and damage to parcels when making exchanges by railway postal clerks should be reported to the division superintendent of the railway mail service.

Men Welcome Mother's Friend

A Duty that Every Man Owe to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to childbearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells; the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved. The mother wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradfield Regulator Co., 129 Lenox Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend to-day.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

THOUSANDS FLOCK TO HEAR SUNDAY AT COLUMBUS

Estimate is That 36,000 Heard the Great Evangelist in One Day—Conversions at Columbus Revival Number Nearly 5,500.

A friend of Frank Byrns in Columbus, Ohio has sent him a copy of the Columbus Journal which give an account of a recent "big day" in the Billy Sunday revival there. It is estimated that 36,000 people hear Sunday on that day. The total conversions of the day was 269. The total conversions including those of the day were given by the Journal as 5,483. A four column cartoon on the front page shows the scramble to gain admission to the tabernacle. Evidently Sunday's great influence and his ability to stir up the people and lead them into better ways is not diminishing. A part of the Journal's report of the big day is given herewith.

"Columbus women yesterday went the limit of wild frenzy in their desire to hear Rev. Billy Sunday evangelist.

"They stormed about the tabernacle throughout most of the day and evening. It is estimated that 36,000 women heard him. He delivered the sermon for women only. 'Is it well with thee?' three times.

"For the first time in his remarkable career, Rev. Mr. Sunday yesterday gave one sermon before three crowds. He had intended to deliver it twice, in the afternoon and evening, but so great was the morning and early afternoon crush about the tabernacle doors that he departed from his custom and as soon as one crowd was dismissed, he began again.

Women Unmanageable.
"After addressing 24,000 women within the space of four hours, he went to Ohio State university, where he spoke before 2,000 young men and women students. Then he hurried through his dinner and returned to the tabernacle, where 12,000 women awaited him.

"In the morning, women fought with batons, they trampled upon one of their number, a cripple, they ignored and overran a corps of twenty policemen and over one hundred ushers. Going early to get seats for an afternoon meeting, first scheduled to begin at 2 o'clock, they stormed the tabernacle in such numbers that by 10:50 the building had been filled to overflowing. Women were everywhere about the interior—and although they numbered probably over 12,000, there were more on the outside clamoring for admission. The scenes are without precedent in Columbus or other cities where Rev. Mr. Sunday has preached.

"Admission in the evening was by ticket only. It had been announced Thursday morning that all tickets for the meeting had been disposed of. Hence the evening crowd was not larger than the capacity of the tabernacle and the afternoon scenes were not repeated.

"Because of the early arrival of the morning crowd—some women were there at 5:30, the doors were opened at 10:30 and in 20 minutes the tabernacle was filled to the walls, while an immense crowd was forbidden entrance. Then it was decided to have two day services and one in the evening.

Threaten Violence.
"Not knowing that another service would be held during the afternoon, women threatened violence upon the ushers and policemen, who forbade them entrance after the tabernacle was filled. A dozen women grabbed hold of a door on the Park Street side and pulled it down. Patrolman Henry Cheever, who was among those attempting to hold them back, was jabbed with a hatpin. It inflicted a painful wound in his wrist.

"While directing a woman from the reserved seat section of the tabernacle, Usher Black was struck in the face by an excited woman.

"Mrs. Laura Cochran, a widow of 295 Collins avenue, walking on crutches, fell in the crush of people soon after the doors were opened. She was unavoidably trampled upon before the police could rescue her. Outside of a bad fright she suffered no ill effects, however. A number of women called for help in the crush and jam incurred while pushing through the doorways.

"A sensation was created when a woman screamed that she had dropped her purse containing more than \$200. Officer Masterson, who stood near, cleared the crowd and recovered the purse.

Goodale Street Packed.
"After the enforced sermon at noon by Rev. Mr. Sunday commenced, it was announced that entrance to a second service could only be gained through the Goodale street entrances, while the audience would make its egress from the Popular avenue and Park street sides. Following this announcement, the multitude assembled in Goodale street, literally packing it with a solid mass of people from High street to Park street.

"Many filled the U. C. T. hall and the Railway Y. M. C. A. and the neighboring residences during the long wait, but the vast majority stood out in the open, shivering from the cold and awaiting anxiously the opening of the doors.

"At 1:45 the exit doors were opened. When the Goodale street entrances were reached at 2 o'clock, the excitement reached its climax.

"Women pushed and burrowed their way to the doors for fear they would again fail to gain entrance. Policemen stood in the doorways commanding the throng to make haste slowly, but instead of heeding orders, the women fought harder than ever. Ushers climbed to the roof of the tabernacle to exhort the crowd against violent jamming.

"Sighs of relief were vented by every individual as she finally got through a doorway. Their hopes and prayers that they might be allowed to hear the evangelist were about to be heard and answered.

"Many were turned away for the second meeting.

Several Women Faint.
"Physicians were on the scene ready to give first aid treatment in case it should be necessary. Several women fainted during the noon serv-

ice. One of them was Mrs. Williams of Delaware, who was taken to the office of Dr. J. C. Williamson, 29 West Goodale street. She left for her home later in the afternoon. Another woman was taken to the office of Dr. F. S. Clark for medical assistance in a fainting spell. A number of persons suffered exhaustion and had to be assisted to the U. C. T. building, and the Railway Y. M. C. A. until friends came to escort them home. Dr. S. E. Ziegler, 508 North Park street, treated fourteen women during the afternoon.

"Ushers had great difficulty during the early afternoon in convincing the waiting crowd that a second service would be held. Women sought entrance by presenting all sorts of tickets and vouchers to which the names of Rev. Mr. Sunday and his workers were forged. They were greatly incensed when told that even money could not buy their way in after all the seats were occupied.

"Tabernacle Boss' Fred Sibert was roused out of bed at 5:30 o'clock by women who demanded admission. He told them positively that the doors would not be opened until 10:30 o'clock. Realizing that insistence would be of no avail, they waited in the inclement weather for hours.

Mrs. Sunday There.
"Mrs. Sunday arrived from Winona Lake yesterday morning and was in the tabernacle to witness the eager throng of women that came to hear the sermons."

SICKNESS MAY COME UNDER LAW

According to a ruling by David Ross, secretary of the state bureau of labor statistics, the working men's compensation act applies not only to workmen injured in hazardous occupations, but also to workmen who become ill through carelessness or neglect on the part of the employer. This makes the law much wider than it has generally been supposed it was.

The ruling is made in response to a letter from the United States Fidelity & Guaranty company of St. Louis. The company wanted to know whether employers are responsible under the act for illness of employees caused by their drinking contaminated water while employed. Mr. Ross says in the letter:

"If the contaminated water was supplied at the plant and consumed by the employees on the premises while engaged in their line of work, my judgment is that the employer should be liable under the law."

"The term 'injury' used in the Illinois act gives to it a much wider meaning and broader significance than the word accident as it is employed in the English law from which has been coupled substantially all American enactments on that subject.

"The notable distinction in the meaning of the words 'accident' and 'injury' is broad enough to include not only the instance of illness you report, but to cover all cases of industrial disease."

MISSIONARY SOCIETY MEETS.

The Woman's Missionary society of the First Baptist church held its annual thank offering and election of officers at the home of Mrs. W. L. Dorgan, 202 North Prairie street, Thursday afternoon.

The devotional exercises were led by Mrs. Gertrude Richardson and consisted of songs and prayers by members of the society. The annual roll call was responded to with verses of scripture and two special musical numbers were given, a piano solo by Miss Hazel Belle Long, and a duet by Miss Long and Mrs. Richardson.

Quite a neat little sum was realized from the thank offering, and a number of subjects incident to the welfare of the society were discussed, particularly the matter of creating a greater interest among the ladies of the church and congregation, making them welcome to attend any and all of the meetings of

the society and thereby win them to membership.

The following officers were elected:

President—Mrs. L. B. Turner.

Vice-president—Mrs. W. L. Dorgan.

Secretary—Mrs. George Smith.

Assistant secretary—Mrs. J. M. McConnell.

Press reporter—Mrs. E. O. Mayer.

CARD OF THANKS.

We desire to extend our thanks to the friends who so kindly assisted us during the illness and after the death of our dear mother, Mrs. Julia A. Newby. Also for the many beautiful flowers.

The Family.
We wish to thank our many friends and neighbors for the kindness shown to us during the illness and after the death of our father and husband.

NOTICE

To Farmers and Stock Raisers

We are now manufacturing under State License, the best Brand of hog food on market known as "SURE FATTEN HOG FOOD". It is far superior to any Brand of Hog food on the market to day. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47,673. Guaranteed analysis as follows:

Crude Fat 10.00 to 14 per cent
Crude Protein 52.50 to 60 per cent
Crude Fibre 1.00 to 3 per cent
Phosphate 10.00 to 12 per cent

What Is "Sure Fatten Hog Food"

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration.

It is the most economical source of digestible protein known, containing twice as much protein as oil meal and five times as much as middlings, shorts, shipstuffs, or alfalfa meal.

TANKAGE is recommended by all leading experiment stations.

It is packed in one-hundred-pound burlap sack, plainly marked "SURE FATTEN HOG FOOD," analysis as above.

It is the ideal feed to balance rations.

What "Sure Fatten Hog Food" Tankage Does.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby, saving one third of the feed bill, one third of the labor, one third of the risk, increasing profits one third.

It grows better proportioned hogs, more meat, and more fat, hence market-topper hogs. SURE FATTEN HOG FOOD TANKAGE fed hogs ship well with small shrink.

While in no wise a medicine, it so fortifies and strengthens the system against attacks of disease germs that SURE FATTEN HOG FOOD TANKAGE fed hogs are universally healthy hogs.

POLICY OF BIG POWER COMPANY IS OUTLINED

Will Handle Electric Current In Wholesale Way Only—Plans No New Lines.

Keokuk, Ia., Feb. 6.—The announcement was made today that the policy of the Mississippi River Power company is to sell its product from its giant generators and mammoth power house to large central power points in a wholesale way, and that while it will welcome incoming transmission lines built by others as a part of genuine electric propositions, it has no plans at present for building any new transmission lines in addition to the big lines nearly finished from the dam to Burlington on the north and to St. Louis on the south.

It is said that this announcement is caused, at least in part, by the fact that for several months its mail has been swamped with enquiries from small towns about many rumors flying around without any foundation in fact involving the building of new lines by the Mississippi River Power company. It seems that a new story in that vein is started on its travels almost every week in some locality or other.

Caution Required in Lines.

"Other parties, north and south of our Keokuk dam, doubtless will profit from transmission lines which will pay," the company manager said to a reporter to day, "but every considerable caution should be used, in advance of such investment, in calculating carefully the expenses of building and maintaining such a line as compared with the assured income. Whether a transmission line will pay a profit to its builders depends on two things—its length and the density of the populations within its market limits—and these two things which mean cost and income opposing each other, must be fixed with some exactness before a new transmission line

is commercially justified. This company has not the least connection with any line projects or promotions away from the Mississippi river." It was stated that the company prefers that others retail the electric current, leaving it to deal only in a wholesale way in current from its great power house in the Mississippi river here; that the Mississippi River Power company will be pleased to sell electricity to parties building incoming lines from east or west to its points of delivery, but it has no present plans for building branch lines away from the river itself, and all such statements made to the public are incorrect.

To Equalize the Power Zone.

The announced policy of the company is to dispose of its power to large distributing points where it is desired by wholesale purchases—as locally here, to Burlington, Fort Madison, Quincy, Hannibal and Saint Louis.

And this is to be done, it is stated plainly, under a policy of equalizing equitably the rates to the different cities at varying distances from the power house, so that all shall have equal opportunity to reap the benefits of the great water-power installation here.

That perfect frankness with the public and all interested would continue to characterize the power company was stated incidentally to the other topics mentioned above.

CORN BROUGHT GOOD PRICES AT WOODALL ESTATE SALE

Marcus Hulett Also Disposes of Live Stock and Farming Implements at His Home Near Arnold.

Charles Woodall and William Woodall, administrators of the estate of their father Robert Woodall, held a public sale at the old homestead, six miles east of Winchester Thursday afternoon. There was a large crowd present and the bidding was spirited. Corn sold very high, commanding from 56 to 48 1/2¢ per bushel; horses brought from \$162.50 to \$175.00; cows \$50 to \$60; two year old heifers \$52.25 a head; two year old steers, \$55 per head; one colt \$85; yearling mules sold from \$160 to \$190. Only a few farming implements were sold and they commanded good prices.

Capt. John E. Wright of this city acted as auctioneer and John Collins of Winchester was clerk.

The Marcus Hulett public sale was held Thursday afternoon at the residence in Arnold. J. G. Cox was the auctioneer and A. C. Rice, the clerk. Horses brought from \$10 to \$155; mules from \$25 to \$417.50 per span, the entire lot being purchased by J. W. Arnold; cows \$54; to \$58; oat straw \$26 to \$30; millet straw, \$1c to 35¢; millet seed 80¢ to \$1.00 per bushel. Implements sold at unusually high prices and the entire sale was satisfactory.

MADE A CANVASS OF VOTE.

The city commissioners held a brief session of the council Thursday afternoon at 2 o'clock in the council chamber. Present, Mayor Davis, Commissioners Brennan, Engel, Knollenberg and Newman and Clerk Pyatt. The only business for consideration was a canvass of the recent vote on ratifying the contract between the city and the Jacksonville Water company. This was done and the result declared confirming figures as published. Nothing further coming up for attention the meeting was adjourned. Miss Josephine Sudebrink of Virginia was a visitor in the city Thursday.

W. S. Creed of Prentice was trading in the city Thursday.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Deitchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.

MANY STARS IN L. A. C. GAMES

New York, Feb. 6.—Seldom before has an athletic meet in the metropolis attracted so many classic athletes as are entered for the annual carnival of sport of the Irish-American Athletic club, at Madison Square Garden tonight. In addition to the cream of the athletic talent in the metropolitan district the entries include the star performers of Boston, Philadelphia and a number of other cities. Every kind of a champion is entered and in some of the events it will be champion against champion.

A WORD OF APPRECIATION.

The undersigned wishes to express a word of thanks and appreciation to the Glens Falls Insurance company and its esteemed agent in this city, Mr. Thomas H. Buckthorpe, for the very honorable and generous manner in which the loss, by fire, on my buildings at 1153 West State street, Jacksonville, Ill., was adjusted. The policy covering this loss was sent to the wrong Mrs. Smith, was lost, and never recovered and yet the above company settled the loss satisfactory to us.

(Signed) Mrs. Josephine Smith, Alex Smith.

ATTENTION W. H. M. S. OF GRACE CHURCH

The week beginning today will be observed as self-denial week. Let each member come to the meeting Feb. 13 at the home of Mrs. Lowdermilk on Jordan street. The money will be sent to headquarters to help pay the society debts.

Mrs. Chas. Hopper, Pres. Sarah Groves, Sec'y.

KILLED BY TRAIN.

George Crabbe received a letter Thursday from his brother, announcing the death of Mr. and Mrs. Matthew Grim, who were killed in Fayette county, Ohio, by a train. None of the particulars of the accidental deaths are given and the letter states that it happened last week. Mr. Grim was 47 years of age, and was a nephew of Mr. Crabbe of this city.

NEW SERVIAN POSTAGE STAMPS

Vienna, Feb. 6.—Of interest to stamp collectors is the news from Belgrade that the Servian government has in preparation a new series of national postage stamps in commemoration of the Servian victories in the recent war. The stamps will bear portraits of famous Servian rulers and scenes in the reconquered provinces.

WISCONSIN TEACHERS TO MEET.

Green Bay, Wis., Feb. 6.—Officers of the Northwestern Wisconsin Teachers' association expect a record-breaking attendance at the association's annual convention, which will meet here tomorrow for a two days' session. Several educators of wide reputation have been engaged to address the convention.

DAY OF PRAYER IS OBSERVED AT COLLEGES

Bishop Smith and Dr. McAfee Speakers at Jacksonville Educational Institutions.

The day of prayer for colleges was observed appropriately with helpful earnest services at Illinois Woman's college and at Illinois college Thursday. At the latter institution Dr. Cleland B. McAfee preached the sermon and at the Woman's college Bishop Smith was heard.

Illinois College.

At Illinois college a special chapel service was held at 11 o'clock and a joint meeting of the Y. M. and Y. W. C. A. at Academy hall at 7:15 p. m. Both services were addressed by Dr. McAfee of the McCormick Theological Seminary of Chicago.

A college graduate is one man of a thousand," said Dr. McAfee in his morning address. "Of eighteen million boys and girls who enter the first grade only one hundred and eighty-five thousand will so much as enter an institution of higher learning. You students are therefore marked men, you are God's very elect set apart to be leaders of men. But do not presume that this honored position will insure your success. If not guided by right choice, your special selection may only result in your greater downfall. There are three decisions in life you cannot escape. You must choose your master of life. If you do not face the issue, and choose Christ as your master, you decide against him. You must make up your minds to what spirit will rule you, the spirit of self or the spirit of service. Will you look beyond self and choose the spirit that has governed such men as David, Livingstone, the great missionary, Weir Mitchell, our foremost physician and Benjamin Harrison, the Christian gentleman as well as the shrewd politician and president. Or will you sacrifice all to mere getting and gaining? Lastly you must choose your task in life. Whatever work you choose, I beg of you, consider the world's need. Hark to the far-reaching cry for social service, and above all, decide upon a calling that is worthy of you, that will use every ounce of your strength."

At the meeting of the Christian association at Academy hall in the evening Dr. McAfee spoke upon the choosing of a calling. Every occupation should be looked upon as a special calling. Many people take no interest in their work, others take an inactive passive interest only. It is only they who take a highly active interest who succeed. Your success after your student days depends largely upon how you regard your present work.

At Woman's College.

Day of prayer for colleges was fittingly observed at the Illinois Woman's college Thursday, at which time Bishop Charles W. Smith of St. Louis was the principal speaker.

After the usual opening exercises of the school lead by Dr. J. R. Harker, Miss Anna Beebe of the faculty of music gave a very beautiful solo. Rev. G. W. Flagg led in the opening prayer and Dr. Harker introduced the speaker of the morning.

Bishop Smith read 2nd Peter 1st Chapter, which served as the basis for his remarks. He told of the important place that religion played in the life of a person. Not only does religion affect the individual, but also to mankind as a whole. Man's first duty is to have his life in harmony with God and his kingdom; where this is not true, there is discomfort uncertainty and a heart reaching out for something, which the things of the world do not satisfy.

In all our building we must not forget that of character. A person may possess all the intellect which marks the man of renown yet if his character is bad, there is a veil cast over his whole life. The bible speaks a great deal about character and the Apostle Peter emphasizes the fact in his writings. The peculiar needs of each individual to build a strong character vary, but it is given for all to know that which means for the highest and best. No person lives to himself; we exert an influence on those about us. It is essential that what we do and say counts for the most in order that we might attain the highest in the life.

The half hour preceding the sermon of the morning the various classes of the college held prayer services. At 2 o'clock all the students gathered in the old chapel where reports were heard from the various prayer meetings and President Harker also made a brief talk. In the evening several of the young ladies attended the revival service at Grace M. E. church.

OPERAETTA FOR CHILDREN.

"The House That Jack Built," libretto by Alice C. D. Riley, and music by Jessie L. Gaynor, will be given by the children of the kindergarten and grades of the School for the Blind, Saturday evening, Feb. 8, at 7:30 o'clock, under the direction of Miss Edith Smith. The public is cordially invited to attend.

SIR HENRY IRVING REMEMBERED

London, Feb. 6.—Today was the seventy-fifth anniversary of the birth of Sir Henry Irving, who died in 1906, and tokens of remembrance were placed by admirers on the slab covering his grave in Westminster Abbey, and on the pedestal of the actor's statue beside the national portrait gallery.

FORESTRY AND HORTICULTURE

Winnipeg, Man., Feb. 6.—Members of the Manitoba Horticultural and Forestry Association gathered in Winnipeg today for their annual convention, which was opened with a meeting of the women's section this afternoon. The convention will continue over tomorrow.

STOCKHOLM'S INTER GAMES.

Stockholm, Feb. 6.—A series of competitions in sport and athletics, rivaling in interest the Olympic games held in Stockholm last summer, was inaugurated here today under the patronage of the King of Sweden. The contests, known as the Northern Games of Stockholm, will continue ten days and will be participated in by lovers of winter sports from many of the countries of Europe.

The program of the meeting includes ski-running and skating in the Olympic stadium, which has been transformed for the occasion into an immense skating rink surrounded by an amphitheater seating 15,000 spectators. There will also be sailing on skates and ice-yachting field shooting, military athletic competitions, prize jumping on horseback, and trotting contests for horses, motor races and swimming competitions.

In addition to these competitions the visitors will be given opportunities to enjoy winter hunting, sleighing and steamboat trips through the ice far out to sea for the purpose of fishing in the archipelago.

PURCHASED HORSES.

John Pate has purchased 25 horses of Frank Orear. The animals are Mr. Orear's own raising.

We wish to thank our friends for their kind assistance and the many floral remembrances during our recent bereavement. E. A. Ranson and family.

Why CALUMET BAKING POWDER Is Better

It is not alone the wonderful raising qualities, or the certainty of results, or the purity, or the uniformity, or the economy, that is rapidly making Calumet the most popular Baking Powder. It is the perfect combination of all of these things.

You need only to use Calumet once to make you a constant user. Ask your grocer today—test it in your next baking. Insist on Calumet.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

VOLUME OF BUSINESS IN STOCKS FALLS OFF

**FAVORITE MEDIUMS OF SPECU-
LATION ON DEAD LEVEL.**

Sentiment Was Still Bearish But
Traders on Short Side Held in
Check by Fears of Over-extension
of Short Interest.

(By Associated Press.)
New York, Feb. 6.—The favorite
mediums of speculation, by which
stock market conditions are gauged,
remained virtually on a dead level
today. Some of the less active is-
sues moved more widely. Interest
lagged and the volume of business
fell off considerably. Sentiment was
still bearish, but traders on the short
side were held in check by fears of
over-extension of the short interest.

In the opinion of some traders, bear
commitments have reached propor-
tions which might spell discomfort
for the short interest in the event
of the appearance of bullish factors.
Traders on the long side were dis-
posed to await developments and
the market was allowed to drift.

There was some further selling of
coppers, which were heavy through-
out the day, but losses were only
fractional. The copper group was
influenced by a further break in the
metal market in London and by re-
ports of substantial concessions in
the domestic market.

The Harriman shares moved in an
uncertain way, being influenced by
varying reports concerning the dis-
solution. Expectations of a definite
announcement of the dissolution plan
were effective in restricting trading
not only in Union and Southern
Pacific, but in the market as a
whole. Weakness cropped out among
a number of the specialties. Union
Bag and Paper preferred alone was
down four points. Pennsylvania,
which has been heavy recently, dis-
played a better tone.

Engagement of \$1,000,000 more
gold for South America brought up
the total outward movement this
year to over \$20,000,000 and in
view of prevailing conditions in the
European money markets further ex-
ports are expected.

MRS. ELIZABETH TURLEY SUFFERS FRACTURED HIP IN FALL THURSDAY

Aged Lady, Residing With Her Daughter, Mrs. Abbie Quinn, is in Very Serious Condition.

Mrs. Elizabeth Turley, aged 90 years, who resides with her daughter, Mrs. Abbie Quinn, eight miles west of the city, fell and suffered the fracture of her hip Thursday morning about 9 o'clock and is in a very serious condition. The accident happened while Mrs. Turley was in her room. Dr. Haskell of Lynnville was called and Dr. Wolfe of this city, a nephew of the lady, was also called. They gave her the necessary attention but on account of her advanced age, her condition is considered quite serious.

HOW OLD YOU LOOK.

Worn and All Tired Out—It Is Not Necessary

You act as though you just wondered how you are going to get through the rest of the winter and do your work.

You may be overworked or have had a bad cold which has left you without strength, ambition or much interest in life; in fact you are all run-down.

Let us tell you that Vinol, our delicious cod liver and iron tonic is just the remedy you need to rebuild wasting tissues and replace weakness and strength.

A prominent Boston lawyer says: "My mother, who is 76 years of age, owes her good health to Vinol as since taking it she can walk farther and do more than she has for years. I consider it a wonderful blood making and strength creating tonic." We have such faith in Vinol that if it does not quickly build you up, restore your strength and make you feel well again, we will return your money. Try Vinol on our guarantee. Lee P. Allcott, druggist, Jacksonville, Ill.

P. S. If you have Eczema try our Saxo Salve. We guarantee it.

SEEK STATE POSITIONS.

Pike County Republican.—Attorneys J. D. Moss and B. P. Bradburn, of this city, are both applicants for appointments from Governor Edward F. Dunne, the new Democratic state executive. Mr. Moss will ask for an appointment on the board of pardons, which is composed of two Democrats and one Republican. Mr. Bradburn will ask for an appointment on the state board of arbitration, the political complexion of which is the same as the state board of pardons. Both Moss and Bradburn have long strings of endorsements from party leaders in this district.

The Chicago Sunday Tribune

THE WORLD'S GREATEST NEWSPAPER

I am an expert in advising women "How to Earn Money at Home." I have studied this subject deeper than has any woman in the world. Every Sunday thousands of my sisters receive real inspiration from my department in The Sunday Tribune. I receive hundreds of letters from women stating that I have given them practical advice and have shown them how to make salable things in their own homes. I also show them how best to market such products quickly and profitably. I answer all letters, when stamp is enclosed, personally; otherwise through the columns of The Sunday Tribune. I want you to write me today. I am certain I can be of great help to you in earning money at home. Write me right away.

One of the many special feature stories appearing in The Chicago Sunday Tribune of February 9th will be entitled

The First College of Love in the World

This school takes a bachelor IN love and graduates him a Bachelor OF Love and it transforms YOUNG Maids, who fear they will become OLD Maids, into Wives.

Every issue of The Chicago Sunday Tribune contains eight big sections, each one of which would make a fair sized magazine. Every copy contains the productions of the largest star cast of writers and artists ever known to newspaperdom. If each copy of The Sunday Tribune were made up in a size to correspond with the regular standard magazine of today it would require

OVER SIX HUNDRED PAGES

or three times the size of a standard magazine. The price of The Sunday Tribune is only 5c.

She Cannot Help But Love Dogs More Than Babies—Prof. Schnitzler says our modern aristocratic beauties are suffering from a disease which makes the above true.

New Spring Hats—Generously illustrated and from the pen of a world authority on millinery.

Is Chicago Going Crazy?—Some interesting interviews with prominent alienists.

Do Pictures Lie?—A double-page showing how the heroes and heroines of the moving picture shows do their thrilling stunts.

Dangers That Lurk in a Kiss—A page written in the inimitable style of Laura Jean Libbey. Everybody should read this article.

Abe Lincoln—A great page article showing that the great liberator sprang from ten great Lincolns—all famous in American history.

Lillian Russell—Few women make up their minds as to what they want before setting out to get it, says Miss Russell in her beauty secrets page.

Worker's Magazine Section—Nothing known to modern newspaper making has ever approached this section. It gives invaluable information to the ambitious man and woman.

The Days of Real Sport—By Briggs. The biggest comic art hit in a decade.

"THE LITTLEST REBEL" SATURDAY.

Edward Pele is the author of "The Littlest Rebel," the war play, in which A. H. Woods will present Mr. Marshall Farnum at the Grand Saturday, matinee and night.

"The Littlest Rebel," while technically a war play, is not intended to keep alive the fast dying enmity between the north and the south. It is said the story is of war, yet only as a background for a smaller drama within its grim setting.

The scenes are laid in Virginia, a few miles south of Richmond, at a period when the northern army was slowly but surely closing in on the southern capital; when "Dixie," already doomed to defeat and failure, fought only upon the courage of her men and the loyalty and love of simple humanity, which, in spite of a bitter, bloody conflict, existed on both sides of a divided country.

The author's design, it has been announced, has been to show no prejudice or partiality to either the blue or gray.

In the supporting cast are names well known to the theatre-going public. Helen Scott is the leading lady; Hughie Jeffrey plays the federal general; Judson Langell will be seen in the role of Lieut. Col. Morrison, which was played last year by Duet Farnum. The title role will be portrayed by little Viola Savoy, who is said to be one of the cleverest children actresses on the American stage.

Henry Ritter of Alexander was a Thursday business visitor in the city.

THE WOMAN'S CLUB.

The regular meeting of the Woman's club will be held Saturday afternoon at Academy hall, at which time the program will be in charge of the Domestic Science Round Table.

It will be the pleasure and rare privilege of members to hear Miss Anna Barrows, instructor in household arts in Teachers' college, Columbia university, New York city, upon the most timely subject "Reducing the Cost of Living."

Miss Barrows stands unquestionably with the very leaders in her profession, being connected with our foremost educational institutions in New York and Boston. She is an active and enthusiastic club woman as well, being now a member of the household economics committee of the National Federation of Women's clubs.

A few years ago Miss Barrows gave a series of lectures and demonstrations in this city and so will be personally appreciated by many who attended that course.

On account of train connection it will be necessary for the speaker to leave the city Saturday afternoon, therefore the club will meet at two o'clock, one hour earlier than the regular time, all members being urged to attend.

WILL MAKE ADDRESS
BEFORE INSURGENT WOODMEN

Hon. T. E. Ryan of Monmouth will speak tonight before members of Camp No. 132.

Hon. T. E. Ryan of St. Charles, Ill., state organizer of the Insurgent Woodmen, will be at a meeting of the M. W. A. camp No. 132, to be held this evening at 7:30 o'clock at the hall. F. E. Pinkerton of Monmouth was in the city yesterday making arrangements for the speaker, who is an able lawyer and a man of ability.

Mr. Ryan will present the cause of the insurgent fight and tell what the head camp tried and is trying to do with the society, and also to explain what is now necessary for the members to do in order to save their insurance and protect it from further attack by the head officers.

The speaker has been making a trip in the southern part of the state lately. He spoke at Hillsboro and the papers stated the hall was crowded. He also spoke at Litchfield and last Tuesday night at Greenville before large and enthusiastic gatherings.

The Woodmen Insurgents have by their court proceedings enjoined the head officers from enforcing their rates until after the next head camp meeting in 1914. The Insurgents feel that there is a great work to do and they hope that a good representation of the lodge will be present this evening.

AT THE GRAND.

In addition to the act of Ingia and the motion pictures at the Grand Thursday evening Manager Hunt had Franz Meisel, violinist, who gave a very pleasing performance. Meisel is quite a master of the violin, who has turned his genius into vaudeville through a combination of circumstances, not altogether uncontrollable. Meisel was quite a favorite of the late King Edward of England and gave numerous command recitals before his late majesty and also before the Prince of Wales. Meisel was for years a soloist, but in an automobile accident his shoulder was broken, which made further concert work impracticable. He will appear at the Grand again this evening.

TOURNAMENT ASSURED.

Seven Schools are Ready for Basketball Gathering Here.

Enough schools have sent in requests to meet a basketball tournament in Jacksonville the last of February that the gathering is already assured. The schools who have written Principal Gore are Greenville, Pittsfield, Chandlerville, White Hall, Rount college, Mt. Sterling and with Jacksonville makes seven. There are several other schools to be heard from all anxious to come.

The local management is leaving no stone unturned to make it one of the most interesting tournaments of the state and the fact that a great many teams are evenly balanced assures the basketball lovers a rare treat. Announcement of team drawing and other business connected with the meet will be announced at a later date.

Basketball: J. H. S. vs. Mt. Sterling, Saturday night, 8:30.

THE TEMPERATURES.

The temperatures for Thursday, according to G. H. Hall, weather observer at Alexander, were: Maximum 21, minimum 10 below.

SPRINGFIELD
SAYS "COME ON"

ALL READY FOR JACKSONVILLE TONIGHT.

Basketball Battle Royal Expected When Fast Teams Meet—Both Coaches Confident of Victory.

"J. H. S. is going at a good gait at present and with no mishaps should win from Springfield tonight," said Coach Buland yesterday. "We know the Capital City lads are fast and that is the kind of a team we want to go up against. If we are defeated it will be on account of the Springfield floor as it is not as well adapted for playing as ours."

Springfield is leaving no stone unturned to annex the contest and Coach Weber says his men will win. The Jacksonville lineup will be: Hale, center; Earl Boxell, Frey and Maddox, forwards; guards, Walton Boxell, Kolp and Chipchase.

The Springfield News in speaking of the game says:

Almost a thousand students gathered in a mass meeting at the high school auditorium Thursday morning for a pow-wow in preparation for the basketball game between Coach Weber's basketball men and the five from Jacksonville at the state armory tomorrow evening. Plans for cheering and entertaining "stunts" to precede the game and to occupy the intermissions were laid and the students heard short addresses by Captain Julian Frisbie of the basket tossers. Coach Weber and Assistant Coach Merriman. "The team ought to win over Jacksonville," Coach Weber said, "and if they don't suffer a return of the stage fright that made them lose the game with Peoria last Friday, they will win. I don't think they'll have stage fright again."

Visitors Are Fast.
Jacksonville has one of the fastest squads in central Illinois. This aggregation won over Canton last week with a score of 122 to 12 and has grabbed a number of other games in a manner that indicates speed and team work. Coaches and fans believe, however, that the local five has little to fear, having trimmed Decatur with a score of 25 to 11 and Taylorville 42 to 7. These two teams were regarded as the most dangerous to be met this year.

The local line up for the Jacksonville contest will be very similar to that seen in the earlier games. Billington is not expected to play and his position at right forward will be taken by Ruckel or Atkinson or divided between them. The only change is in this position. Schneider will play at left forward as usual. Captain Frisbie at left guard, Schanbacher at center and Wilson at right guard.

The game will be called at 7:30 o'clock. Before the whistle is blown, the crowd will be entertained by a number of clever frolics, among which the performance of a "bobo band," under the leadership of Ed Sternaman and Dave Shand, is expected to be one of the most pleasing.

WITH SICK PEOPLE.

Elder George W. Hart of Franklin is a patient at Passavant hospital. Miss Mary Seguin is quite ill of la grippe at her home on North Main street. She has been sick for about ten days.

Harold, the 3 years old little son of Mr. and Mrs. George F. Schmalz is quite ill at his home on South Main street.

Mrs. J. L. Capps of North Church street is convalescing from the injury sustained by her fall recently.

J. T. Harney of South Jacksonville is confined to his home by a seige of la grippe.

J. M. Hurst who was injured in a runaway a couple of weeks since was able to be at his office yesterday. Rev. George Hart of Franklin was brought to Passavant hospital yesterday suffering from a complication of diseases.

George Dalton, who had his leg broken several days ago and who has been a patient at Passavant hospital, was able to return to his home in Franklin yesterday.

Miss Elizabeth Russell of Woodson who has been a patient at Our Saviors hospital for several weeks has so far recovered that she has left the hospital and is now spending a few days at the home of her uncle, George S. Rogerson of Lockwood Place.

JUDGE JOS. N. CARTER IS SERIOUSLY ILL.

Judge Joseph N. Carter, one of the most prominent citizens of Quincy, who has been in ill health for a long time, became unconscious and yesterday afternoon was reported as dying at his home, 1652 York street. His daughter, Mrs. Montague Ferry, of Chicago, will be here tomorrow morning. Douglas Carter, of Quincy is a son, and another son, Henry lives in the west. Quincy Herald.

Judge Carter is well known in Jacksonville being a graduate of Illinois College in the class of 1866 and is a member of the Phi Alpha society.

M'KINLEY SYSTEM TO BUILD FINE PEORIA TERMINAL

Will Cost \$350,000 and Manager Chubbuck Says It Will be the Finest of Its Class in the World.

Plans are being finished by the Illinois Traction company for a \$350,000 terminal building at Peoria. This building will be seven stories in height, of white terra cotta and according to an announcement by E. Chubbuck, vice-president and manager of the company, the finest of its kind in the world. Work on the foundation will commence the early part of March.

The plans and sketches prepared by the architects call for a building which will be modelled along the most modern lines. A feature of the new station will be the 10,000 incandescent electric lights which will cover each of the four walls. It will surpass even the building of the Denver Gas and Electric company, at present the acknowledged best lighted building in the world. Adjoining the building itself will be a great train shed constructed of steel and concrete and capable of accommodating twenty cars at a time.

SOCIAL EVENTS.

Officers of Westminster church were guests at a dinner party given Sunday night at the home of Mr. and Mrs. W. T. Brown on Sandusky street with Rev. L. H. Davis as the special guest of honor. It was the birthday of Rev. Mr. Davis, but it did not occur to him that the affair was really a compliment to him until the beautiful birthday cake blazing with candles was brought in. Officers of the church too remembered that this year marks the twentieth sixth that Mr. Brown has served as clerk of the session and through all that long period he has performed his duties with devotion and pains taking care. A bunch of meter roses attested the regard in which Mr. Brown is held by his brother officers.

The dinner was served at seven o'clock, the entire company being seated at one great, handsomely spread table. The guests found their seats at the table in a unique way. Instead of the usual place cards with names there was a card at each place, bearing an illustration in pen and ink of something which indicated the business of the man who was to be seated there. The men had little difficulty in finding the places which were intended for them.

There were many courses and one of the guests well expressed the sentiments of the others when he said that he was certainly glad he was an officer of Westminster. Mrs. Brown was assisted by Mrs. C. M. Dyer of Overton, Mrs. L. H. Davis and Miss Katherine Barr.

Following the dinner and hour or two was spent socially and in listening to the Victor Victrola. Altogether the event was one of great pleasure. The company included the addition to Rev. Mr. Davis, Mr. Brown and his brother L. G. Brown, J. H. Rayhill Jr., Ensey Moore, Andrew Russell, H. B. Kama, J. A. Ayers, C. W. Taylor, W. J. Brady, Frank Elliott, C. Spruit, G. C. Guthrie and J. W. Walton.

In rather quiet and unostentatious manner, which has been characteristic of this couple, Mr. and Mrs. Antonio Frank of North Fayette street, entertained Thursday afternoon, entertained Thursday afternoon, golden wedding anniversary. During the day a large number of friends called to extend their congratulations and those who were unable to be present, sent their greetings by mail.

Wednesday, the anniversary of their wedding, a dinner was given at the home of the children and their families. A sumptuous repast was served and the following children were present: John Frank of Henry, Okla.; Mr. and Mrs. Henry Frank and two children of Kansas City; Mr. and Mrs. Pauline Gomes, Mr. and Mrs. Frank Martin, Mrs. Emanuel Salby and Mr. and Mrs. A. F. Frank of this city. Mr. and Mrs. Frank were married in this city February 5, 1863 and have since made their home here. Quiet and unassuming in manner, they have labored faithfully and reared a family of children which has been a credit to them. Their friends are legion and they will unite in extending their congratulations and best wishes to Mr. and Mrs. Frank.

HEARING ON REQUISITION.
Springfield, Ill., Feb. 6.—A hearing on a requisition from the state of Arkansas will be held tomorrow afternoon before Governor Dunne. The petition for the warrant is for the return to Arkansas of J. H. Ward, wanted at Hot Springs for the alleged larceny of \$20,000. Former States Attorney Wayman, of Cook county will represent Ward at the hearing.

FIRE FROM MOUNTAINS.
Charleston, W. Va., Feb. 6.—The coal strike situation in Cabin Creek and Paint Creek districts caused apprehension among the state officials today. Following the shooting up of Acme late Tuesday night bullets were fired into Coal River, W. Va., today by persons concealed on the mountain.

RAILROAD NOTES.

The Chicago & Alton has allowed an appropriation of \$750,000 for a thirty-stall roundhouse and small shop buildings, together with coal station, water tanks and forty miles of switching tracks at Glenn, located at the southern limits of Chicago. On account of the elevation of tracks through Brighton park, the present freight terminal in Chicago, the management is forced to move out five miles farther.

General loadings over the Burlington for January showed an increase of 10 per cent, compared with a year ago. Tonnage in grain was the important feature, being heavier by 25 per cent, while miscellaneous freight was larger by 17 per cent. Shipments of live stock and coal showed some falling off, but business as a whole was of a favorable character. **Burlington to Extend in Texas.** According to information received the Burlington is to be extended to a point on the Mexican border, probably Brownsville. It is stated that the Abilene and Southwestern which is owned by the Hill interests will be built south to a connection with the San Antonio, Fredericksburg and Northern, now under construction between a point on the San Antonio and Arkansas Pass and Fredericksburg. The latter line will also be continued southeast to San Antonio, thence to the Rio Grande, with probably a branch line to Port Arkansas, where a new deep-water port was recently established. Engineers of the Colorado and Southern recently made a reconnaissance of the route of this proposed extension. It will open up an enormous scope of new territory and also give that system direct connection with the National railways of Mexico, besides affording it a new gulf outlet.

The Burlington owns a one-half interest in the Trinity and Brazos Valley, which runs between Port Worth and Houston. The latter line connects with the Colorado and Southern at Port Worth.

MAY ASK CUBAN GOVERNMENT FOR REDRESS
Washington, Feb. 6.—If American Minister Beaupre feels he has been sensibly censured by a newspaper attack upon him, the state department which has not received any complaint from his doubtless will accede to his request for permission to ask the Cuban government for redress. Under the libel laws of Cuba, however, redress is difficult. The editors of the newspaper which attacked the American minister are not Cuban but alien Spaniards and as such may be deported from the island by the Cuban government. Therefore the Gomez administration may be requested to meet the complaint in that manner.

RELEASED ON PROMISE TO QUIT CUTTING TREES
Washington, Feb. 6.—Mrs. John B. Henderson, wife of former Senator Henderson of Missouri, and a society leader here pleaded guilty today in police thoroughfare court to a day in police court of having been responsible for chopping down a tree on a public thoroughfare near her home without first obtaining a permit. She was released on her personal recognizance to refrain from directing the destruction any more trees on public property. The affair caused a flurry in society of the capital.

DISMISSED APPEAL.
London, Feb. 5.—The house of lords today dismissed the appeal of the American threat company against the judgment of the court of appeals in the matter of the income tax in Great Britain.

URANIA LODGE DEGREE TEAM PUTS ON WORK AT WOODSON

Odd Fellows Hold Enthusiastic Gathering in Neighboring Town—Banquet Followed by Initiations.

Members of the Degree team of Urania lodge No. 243, I. O. O. F. put on the initiatory degree Thursday night at the Woodson I. O. O. F. lodge No. 711. Those taking the degree were Messrs. George Brogdon, Bert Fitzsimmons and Frank McCurley.

The guests present included a large number from Jacksonville and Murrayville and at 5:30 a splendid banquet was served at the Christian church by the ladies of that organization. Several short addresses followed the meal and among those taking part were Messrs. Ben Wright and J. H. Dial of Murrayville, John K. Long, T. M. Tomlinson, E. E. Henderson, John Bowen, Robert Tilton, H. E. Frye and W. C. Howe of Jacksonville.

The members then adjourned to the hall where the candidates were given the work. The degree team of Urania is acknowledged one of the best in the state and their efforts last night was up to the standard in every way. The local men spoke in most complimentary terms of the cordial treatment accorded by the Woodson lodge.

SEEK TO BREAK WILL.

An interesting case pending in the present term of the Macoupin county circuit court at Carlinville is the suit of Della M. Hettick, of Scottville vs. James B. Searcy, administrator of the estate of her deceased parents.

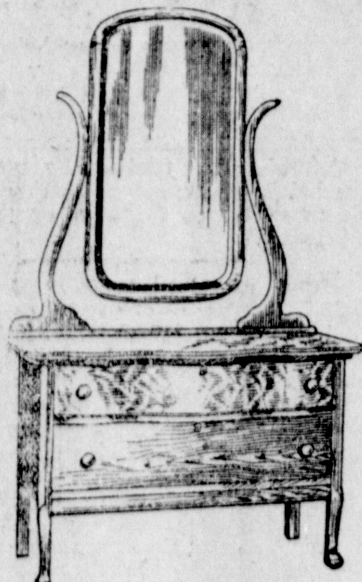

Miss Hettick, the only child of the couple, seeks to have set aside their joint will in which they left practically all of their \$140,000 estate to the trustees of schools of Scottville township. Her bill recites that on account of her marriage to Chas. E. Waters her parents found fault with her and because of this cut her off with only a small portion of the estate to which she is rightly entitled.

The plaintiff was divorced from her husband in January, 1912. Her attorneys will base their fight on the fact that the Scottville school trustees are not a body corporate, thereby making the will void.—Franklin Times.
